

## EDL30000STE

YAMAHA generators are among the most reliable and efficient products. Designed for domestic and professional use, YAMAHA generators have a robust design that allows them to face any type of environment. Available in gasoline or diesel engines and with a power ranging from 1 to 26 Kva, these generators meet multiple needs.

TECHNICAL CHARACTERISTICS	EDL30000STE
<b>GENERATOR</b>	
Generator type	Brushless, synchronous / three-phase AC
Maximum Power (Kva)	33
Rated Output (Kva)	30
Frequency (Hz)	50
Rated Voltage (V)	220/380
<b>MOTOR</b>	
Noise Level (Db)	73
Autonomy (H)	7,8
Fuel Tank Capacity (L)	60
Startup system	Electric
Displacement (cm <sup>3</sup> )	3318
Engine type	Diesel engine
<b>DIMENSIONS</b>	
Dimensions (Lxwxh) in mm	1717x824x1046
Dry weight (Kg)	682
<b>EQUIPMENTS</b>	
Plug wrench	
Handle	-
Owner's manual	-
